### RISK FACTORS

The value of the investment can go down as well as up. One way to gauge risk is to look at how much an investment's returns change over time which is called "volatility". Investments with higher volatility will have returns that change more over time. Since inception, the Corporation has been generating a steady and consistent return of 8% per annum, paid monthly.

Like most other investments such as stocks and mutual funds, this investment is not guaranteed by CDIC (Canada Deposit Insurance Corporation).

### INCOME TAX TREATMENT

You will have to pay income tax on any money you earned from an investment. How much you need to pay depends on the tax rates of where you live and whether or not you hold investment in a registered plan, such as Registered Retirement Savings Plan (RRSP) and Tax-Free Savings Account (TFSA). Keep in mind that if you hold your investment in a non-registered account, distributions are included in your taxable income, whether you choose to receive them in cash or have them reinvested. Distributions are considered as interest income and you will receive a T5 at the end of the year.

SOLID SECURITY. STABLE RETURNS.

### MARKET OVERVIEW

#### Market Update: Diversifying with Commercial Mortgages

The Ontario real estate market continues to face headwinds, with residential mortgage activity slowing due to elevated interest rates and reduced homebuyer demand. As a result, the volume of new residential mortgage transactions has declined across the province.

In light of these conditions, RESCO MIC is exploring opportunities to add commercial mortgages to our portfolio. This initiative is not a shift in focus, but a strategic effort to diversify our holdings and enhance investor returns. Contrary to common perception, commercial lending—when approached with caution and expertise—can offer strong security and attractive yields.

RESCO will continue to prioritize capital preservation, applying rigorous due diligence and conservative underwriting practices as we expand into this space. By selectively incorporating commercial mortgages, we aim to strengthen our portfolio and maintain steady performance in a changing market environment.

### ABOUT THE BOARD OF DIRECTORS

The Corporation is led by a group of financial professionals who each bring experience and expertise in their respective fields such as banking, mortgage lending, real estate development, risk management and portfolio management.
